

NOC Services requirements

No.	NOC Name	Project Type Name as mentioned on E-NOC System	Submission Check (As per Appendix C)
1	No objection certificates for the services work of RTA Roads, Traffic & ITS Projects (under design & under construction)	RTA Roads , Traffic & ITS Projects	- On line application form.
			- Cover/submittal letter (For manual Submission only)
			- Key Plan Clarifying the Project Location.
			- Scope of work drawing (General layout plan showing project boundary and scope of work).
			- Detailed drawing for roads geometric layouts
			- Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan.
			- Utilities Network Plan
			- Traffic Impact Study (If required).
			- Soft Copy of Micro station Version 7 or 8
			- Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section)
			- Other Concern parties/Authorities past approvals (If required.)
			-Drainage System proposal (If required)
2	No objection certificates for the services work of Metro and Tram projects (under design or under Construction)	Metro & Tram Project	- On line application form.
			- Cover/submittal letter (For manual Submission only)
			- Key Plan Clarifying the Project Location.
			- Scope of work drawing (General layout plan showing project boundary and scope of work).
			- Detailed drawing for track geometric layouts
			- Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan.
			- Utilities Network Plan (If required)

			<ul style="list-style-type: none"> - Approved Design NOC (For construction NOC's if required) - Program of work (for construction NOC's) - Trial pits information if required (for construction NOC's if required) - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section). - Other Concern parties/Authorities past approvals (If required).
3	No objection certificates for the services work for Developer Roads Projects (under design or under Construction)	Development Projects	<ul style="list-style-type: none"> - On line application form. - Cover/submittal letter (For manual Submission only) - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Detailed drawing for roads geometric layouts - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan. - Utilities Network Plan (if required) - Approved Design NOC (For construction NOC's if required) - Trial pits information if required (For construction NOC's if required) - Master Plan, Traffic Impact Study & Land Use Plan (If required) - Traffic Impact Study - Cost Sharing Agreement (If required). - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (In case Approved Design NOC is not provided)

			(i.e. Roads Planning & Design Section – Traffic Engineering Section)
			- Other Concern parties/Authorities past approvals If required.
			- On line application form.
			- Cover/submittal letter (For manual Submission only)
			- Key Plan Clarifying the Project Location.
			- Scope of work drawing (General layout plan showing project boundary and scope of work).
			- Detailed drawing of the proposed work layout.
			- Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan. (If required)
			- Trial pits information if required (for construction)
			- Approved Design NOC if required (For construction NOC's)
			- Soft Copy Of Micro station Version 7 or 8
			- Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section- RTA/Landscaping Section)
			- Other Concern parties/Authorities past approvals If required.
4	No objection certificates for Landscaping projects (under design or under Construction)	Landscaping projects	
5	No objection certificates for Earth Work Grading projects		- On line application form.

	(under design and under construction)	Earth Work Grading	<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing of the proposed work layout.
			<ul style="list-style-type: none"> - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan (If required)
			<ul style="list-style-type: none"> - Existing Contour Lines Plan.
			<ul style="list-style-type: none"> - Proposed Contour Lines Plan
			<ul style="list-style-type: none"> - Trial pits information if required (for construction).
			<ul style="list-style-type: none"> - Longitudinal Road Profiles Of The Project
			<ul style="list-style-type: none"> - Approved Design NOC if required (For construction NOC's)
			<ul style="list-style-type: none"> - Soft Copy of Micro station Version 7 or 8.
			<ul style="list-style-type: none"> - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section)
			<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required.
6	No objection certificates for : (Access Road (Tie in & Tie Out) works- External Roads/Paving around the building- Roads maintenance or modification work) (under design or Construction)	(Roads Maintenance or Modification work) Or (Access Road (Entry or Exit)) Or (External Roads/ paving around the building)	<ul style="list-style-type: none"> - On line application form.
			<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing for roads geometric and proposed work layout.
			<ul style="list-style-type: none"> - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan.(If required)
			<ul style="list-style-type: none"> - Approved Design NOC if required (For construction NOC's)
			<ul style="list-style-type: none"> - Traffic Impact Study and Simple Traffic Access Study.(If required)

			<ul style="list-style-type: none"> - Drainage System approved by DM/Drainage and Irrigation Department (If required) - Undertaking letter from the client for future defect/settlement maintaining (if required) - Trial pits information if required (for construction) - Soft Copy Of Micro station Version 7 or 8 - (RTA Traffic Engineering + RTA/Roads Planning and Design Sections + RTA/PMS Unit + RTA/RMS Section + RTA/Landscaping Section) approvals (If required) for Design NOC's - Other RTA Internal Department Approvals if required - Other Concern parties/Authorities past approvals If required.
7	No objection certificates for Marin & Public Transport Agency Projects (under design or under Construction)	(Marin Projects) Or (Public Transport Project)	<ul style="list-style-type: none"> - On line application form. - Cover/submittal letter (For manual Submission only) - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Detailed drawing of the proposed work layout. - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan. (If required) - Approved Design NOC (For construction NOC's if required) - Program of work (for construction) - Trial pits information if required (for construction) - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).

			<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required.
8	<p>No objection certificates for : (High Voltage Works – Telecommunications network Works - District Cooling Works- Sewerage, Drainage and Irrigations Transmission and distribution - (under design or under Construction) Transmission/Distribution Water Works - SCADA Work - Military FO Network Works)</p>	<p>(DEWA- 11kv Network) or (DEWA- 33kv Network) or (DEWA- 132kv Lines) or (DEWA- 400kv Lines) or (ETC-Network) or (Du- Network) or (District cooling networks) or (Irrigation /Transmission and distribution) or (Drainage and Sewerage /Transmission and distribution) or (DEWA-WD Distribution Networks) or (DEWA-WD Transmission Networks) or (Military Lines) Or (SCADA)</p>	<ul style="list-style-type: none"> - On line application form.
			<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing of the proposed work layout.
			<ul style="list-style-type: none"> - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan. (if required)
			<ul style="list-style-type: none"> - Approved Design NOC (For construction NOC's if required)
			<ul style="list-style-type: none"> - Trial pits information if required (for construction)
			<ul style="list-style-type: none"> - Soft Copy Of Micro station Version 7 or 8
			<ul style="list-style-type: none"> - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).
			<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required.
9	<p>No objection certificates for the construction of DEWA Stations (under design or under Construction)</p>	<p>DEWA/ED Power stations works</p>	<ul style="list-style-type: none"> - On line application form.
			<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing of the proposed work layout.
			<ul style="list-style-type: none"> - Approved Design NOC if required (For construction NOC's)
			<ul style="list-style-type: none"> - Affection plan for the proposed location.
			<ul style="list-style-type: none"> - Trial pits information if required

			(for construction)
			- Soft Copy Of Micro station Version 7 or 8
			- Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).
			- Other Concern parties/Authorities past approvals If required.
10	No objection certificates for Shoring Works (under design or under Construction)	Shoring works	- On line application form.
			- Cover/submittal letter (For manual Submission only)
			- Key Plan Clarifying the Project Location.
			- Scope of work drawing (General layout plan showing project boundary and scope of work).
			- Detailed drawing of the proposed work layout.
			- Approved Design NOC (For construction NOC's)
			- Copy of the Third Liability Insurance.
			- Undertaking Letter From Owner To Remove Anchoring By 1 Month Of RTA Notice Letter
			- Affection Plan For The Plot.
			- Cross Section Clearly Showing Details Of Piling and Anchoring.
			- Trial pits information if required (for construction)
			- Soft Copy Of Micro station Version 7 or 8
			- Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).
			- Other Concern parties/Authorities past approvals If required.
11	No objection certificates for Soil Investigation Works (Under construction)	Soil investigation	- On line application form.
			- Cover/submittal letter (For manual Submission only)
			- Key Plan Clarifying the Project Location.

			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).
			<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required.
12	No objection certificates for Trial Trenches/	Falls within the NOC categories as “Trial trenches NOC” for all protect types	<ul style="list-style-type: none"> - On line application form.
			<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing of the proposed work layout with trial trenches locations.
			<ul style="list-style-type: none"> - Approved Design NOC (if required).
			<ul style="list-style-type: none"> - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).
			<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required.
13	No objection certificates for Open Cut/NDRC	NDRC Works	<ul style="list-style-type: none"> - On line application form.
			<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing of the proposed work layout. (thrust and reception Pits to be 5.0m (min.) away from the existing Asphalt edge)
			<ul style="list-style-type: none"> - Cross Section of ROW Clearly Showing Vertical Alignment.
			<ul style="list-style-type: none"> - Approved Site Soil Report
			<ul style="list-style-type: none"> - Unconditional Bank Guarantee from Dubai Banks
			<ul style="list-style-type: none"> - Approved Method Of Statement With Survey Of Existing Road Surface (Pre-drive level) 20 m each side of C/L at 2.0m interval. And post drive –levels after

			<p>completion of works.</p> <ul style="list-style-type: none"> - Trial pits information if required. - Traffic Diversion Plans - Letter Confirming No Leakages Existing services - Site Organization Sheet - Copy of the approved route NOC. - Proposed NDRC work crossing Dual Carriage Roads should be designed and supervised by RTA approved Consultant's for NDRC works. (Confirmation letter from consultant has to attached) - NDRC works to be carried out by RTA Approved contractors for NDRC works. (Copy of RTA approval has to be attached) - Letter from consultant confirming the method statement is acceptable and settlement is within the allowable limits of 5 mm (for dual carriage way). - Approved road contractor letter confirming that he will be ready to do the emergency reinstatement if the road settle/collapse during NDRC process. - site photographs showing the location of NDRC - Each location of NDRC to be applied separately - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section). - Other Concern parties/Authorities past approvals If required.
14	No objection certificates for utilizing RTA spare ducts to cross the paved roads	This services are not available on the system so it can be applied manually	<ul style="list-style-type: none"> - On line application form. - Cover/submittal letter (For manual Submission only) - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Detailed drawing of the proposed work layout.

			<ul style="list-style-type: none"> - Soft Copy Of Micro station Version 7 or 8
			<ul style="list-style-type: none"> - Trial pits information if required.
			<ul style="list-style-type: none"> - Site information about the availability of the spare ducts and the ownership along with the photographs.
			<ul style="list-style-type: none"> - Copy of the approved route NOC. (if required)
			<ul style="list-style-type: none"> - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).
			<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required.
15	No objection Certificates for RTA Spare Ducts Design within the limits of RTA projects	This services are not available on the system so it can be applied manually	<ul style="list-style-type: none"> - Cover/submittal letter
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Drawings showing the RTA existing and proposed spare ducts within the limit of project boundary.
			<ul style="list-style-type: none"> - Detailed drawing for roads geometric layouts.
			<ul style="list-style-type: none"> - Soft Copy Of Micro station Version 7 or 8
			<ul style="list-style-type: none"> - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).
			<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required.
16	No objection certificates for Discharge lines of Dewatering Works	Dewatering Lines	<ul style="list-style-type: none"> - On line application form.
			<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing of the proposed work layout.
			<ul style="list-style-type: none"> - DM/Drainage Department approval.
			<ul style="list-style-type: none"> - Traffic Services Section approval for rams if required.
			<ul style="list-style-type: none"> - Site information about the availability of the spare ducts and the ownership along with the photographs.

			<ul style="list-style-type: none"> - Trial pits information if required - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section). - Other Concern parties/Authorities past approvals If required.
17	Providing information's to the applicant regarding RTA Projects utilities cross sections.	This services are not available on the system so it can be applied manually	<ul style="list-style-type: none"> - On line application form. - Cover/submittal letter (For manual Submission only) - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Detailed drawing of the proposed work layout along. - Soft Copy Of Micro station Version 7 or 8. - Empty CD.
18	No objection certificates for Advertising & informative signs Works (under design or under Construction)	Advertisement and informative signs works	<ul style="list-style-type: none"> - On line application form. - Cover/submittal letter (For manual Submission only) - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Detailed drawing of the proposed work layout. - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan. (If required) - Approved Design NOC if required (For construction NOC's) - Trial pits information if required (for construction) - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section).

			<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required.
19	<p>No objection certificates for : (Telecommunications /TV House Connection- Water House Connection- Electricity House Connection - sewerages and Irrigation House Connection)</p>	<p>(ETC-House connection) or (DU-House connection) or (ETC-Cable TV) or (DEWA-WD/H.C) or (DEWA-LV) or (Sewerage-House Connection) or (Irrigation House Connection)</p>	<ul style="list-style-type: none"> - On line application form.
			<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing of the proposed work layout.
	<ul style="list-style-type: none"> - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan. (If required) 		
	<ul style="list-style-type: none"> - Trial pits information if required. 		
	<ul style="list-style-type: none"> - Soft Copy Of Micro station Version 7 or 8 		
	<ul style="list-style-type: none"> - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section). 		
	<ul style="list-style-type: none"> - Other Concern parties/Authorities past approvals If required. 		
20	<p>No objection Certificates for Telephone Kiosk/ Transmission Pole works</p>	<p>(Du Telephone kiosk, transmission pole) or (ETC Telephone kiosk, transmission pole)</p>	<ul style="list-style-type: none"> - On line application form.
			<ul style="list-style-type: none"> - Cover/submittal letter (For manual Submission only)
			<ul style="list-style-type: none"> - Key Plan Clarifying the Project Location.
			<ul style="list-style-type: none"> - Scope of work drawing (General layout plan showing project boundary and scope of work).
			<ul style="list-style-type: none"> - Detailed drawing of the proposed work layout.
			<ul style="list-style-type: none"> - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan. (If Required)
			<ul style="list-style-type: none"> - Trial pits information if required.

			<ul style="list-style-type: none"> - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section). - Other Concern parties/Authorities past approvals If required.
21	No objection certificates for Fuel and Gas lines Works (under design or under Construction)	Gas & Jet Fuel pipelines	<ul style="list-style-type: none"> - On line application form. - Cover/submittal letter (For manual Submission only) - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Detailed drawing of the proposed work layout. - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan.(If required) - Approved Design NOC if required (For construction NOC's) - Trial pits information if required (for construction). - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section). - Other Concern parties/Authorities past approvals If required.
22	NOC for Building works within to ROW.	Building	<ul style="list-style-type: none"> - On line application form. - Cover/submittal letter (For manual Submission only) - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Detailed drawing . - Other supporting documents depending

			<ul style="list-style-type: none"> of the case. - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section). - Other Concern parties/Authorities past approvals If required
23	Approval for Utility Distribution approval of the special cases	This services are not available on the system so it can be applied manually	<ul style="list-style-type: none"> - On line application form. - Cover/submittal letter - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Utility distribution cross sections showing the typical, existing and proposed services along with Utilities Cross Section Plan. - Utilities Network Plan (if required) - Soft Copy of Micro station Version 7 or 8. - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section) - Other Concern parties/Authorities past approvals If required.
24	<p style="text-align: center;">Certifying : (utilities as built cross sections spare ducts s built locations) for the Roads Project</p>	This services are not available on the system so it can be applied manually	<ul style="list-style-type: none"> - Cover/submittal letter - Key Plan Clarifying the Project Location. - Scope of work drawing (General layout plan showing project boundary and scope of work). - Copy of the approved construction NOC. - Combined services layout. - Soft Copy Of Micro station Version 7 or 8 - Other RTA Internal Department Approvals if required (i.e. Roads Planning & Design Section – Traffic Engineering Section). - Other Concern parties/Authorities past approvals If required

25	Review Storm Water Submittals for under design RTA Projects	This services are not available on the system so it can be applied manually	- Cover/submittal letter .
			- Project key plan
			- General layout plan showing project boundary and scope of work.
			- Storm water drainage drawings showing the proposed drainage works, attached with road profiles.
			- Calculation sheets.
			- Utility distribution cross sections showing the typical, existing and proposed services.
			- Detailed drawing for roads geometric layouts
			- Soft Copy Of Micro station Version 7 or 8
26	Review of Preliminary Study Submissions	This services are not available on the system so it can be applied manually	- Cover/submittal letter .
			- Preliminary Study Report shall include: - Project key plan
			- General layout plan showing project boundary and scope of work.
			- Drawing for roads geometric layouts
			- Layout plans for proposed utilities and ROW limits.
			- Utility distribution cross sections showing the typical, existing and proposed services.
27	Review of : (Preliminary Design Submissions- Final Design Submissions)	This services are not available on the system so it can be applied manually	- Cover/submittal letter .
			- Submittal Documents shall include: - Project key plan
			- General layout plan showing project boundary and scope of work.
			- PD-Detailed drawing for roads geometric layouts
			- PD-Utility distribution cross sections showing the typical, existing and proposed services.
			- PD-Layout plans for proposed utilities.
			- Drawings showing the RTA existing and proposed spare ducts within the limit of project boundary.
